

# Adventure Aviation Flying For Fun

Gliding is a sport that can be highly competitive or just pure fun. Almost anyone can do it from the age of 14 onwards. A world distance record of 3008 kms was set last year by a German dentist in Argentina. It took 15 hours at an average speed of 125 mph.

You may not achieve feats like that in England but you can take the first steps with us. Midland Gliding Club invites you to learn to fly these beautiful aircraft and is welcoming new members. Get off to a flying start next spring by joining one of the UK's oldest and best training clubs. Book a trial lesson or midweek residential course to learn in our modern two place gliders with BGA qualified instructors.

Fly a glider for a quarter of the cost of a powered light aircraft and all our instruction is absolutely free. Fixed Price to Solo schemes available.

## Meet the Challenge - Fly the Mynd
